General Notes

PELICAN displays recommended percentage ranges per line item. Justification is required for any line that falls outside of the recommended ranges.

When working in PELICAN, the Percentage (%) of Grant field will auto-populate.

There is a character limitation on each text box in PELICAN, therefore some formatting preferences in the supplement may need modified. If no justification will be required for a line item, that space can be used to carry additional description content.

If copying and pasting your information into PELICAN from the budget template, the formatting of the text will not carry over (font style, font sizes, etc.).

Line Item Notes

Staff should be listed with first initial and last name, as seen in the supplement examples, unless directed by their specialist to shorten due to character limits.

Staff should only appear one time on the budget, on the line item that reflects their primary role. If working in multiple capacities and allocating funds for those, include this additional cost allocation in the description of their primary role.

Salaries on Line Items 1 – 4a are for employees paid directly by the grantee.

For an example of an hourly paid employee, refer to the Line Item 4 in the supplement.

For an example of a classroom that is not all HSSAP, refer to Line Item 5 in the supplement.

Purchases made prior to a budget or budget revision final approval could end up being disallowed, programs should postpone new purchases until final approval or consult with preschool program specialist prior to the purchase.

Training and development opportunities that are available both in- and out-of-state can only be allocated to HSSAP if attended in-state. In that case, both registration and travel may be allocated. If only offered out-of-state, then only registration costs can be allocated to HSSAP, not travel.

A maximum of \$10,000 per site can be charged to HSSAP for outdoor playground equipment and surfacing per grant year. Playground expenses must be cost allocated across all programs that utilize the equipment and/or surface of the playground.
